President's Message

I am extremely happy to learn that RGDC has decided to publish the 4th volume of annual newsletter "COMMUNIQUE".

We are going through a deadliest phase of Covid 19 pandemic and running any routine activity in a desired manner has become preposterous. Due to unprecedented crisis we were not able to physically publish the 3rd volume but that didn't dampen the spirit of editorial board who smartly projected the year long activities of 2019-20 in the form of Wall dashboard Newsletter.

I congratulate the editorial board and express solidarity with all the stakeholders of RGDC. I was overwhelmed to see the engagement of teachers in online classes and sincerely hope that we shall overcome the crisis and return to normal academic environment which pivots around physical classes.

I am fully confident that like previous issues this year too the editorial board will dedicatedly document the activities undertaken in the academic session 2021-22.
